

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

As someone who flies several times a year, I believe this is a very bad idea. Cell phone use by passengers will prove to be a great nuisance, both for others flying and flight attendants trying to maintain harmony during flights or order among passengers in an emergency. Most disturbing is the possibility that this could enable terrorists actions.

Please leave the current rules in effect.

Sincerely,

RosaMarie Torres
